

## BMI® CROSS-TRACK FOR TESTERS

**BMI**  
Backflow Management Inc.

[www.bmi-backflow.com](http://www.bmi-backflow.com)

Building on the success of our popular BMI CROSS-TRACK Cross Connection Control and Backflow Testing Program software for water systems, BMI has developed an exciting NEW software program for the independent Backflow Assembly Tester. We listened to active testers and incorporated their ideas with input from our own industry experts. The result is a business management tool that is effective, user-friendly and surprisingly affordable!

### BMI CROSS-TRACK for Testers helps you do all this:

- ◆ Organize customer and assembly information
- ◆ Generate legible, complete test report forms
- ◆ Prepare invoices, reports and parts lists
- ◆ Print customer notices and reminders
- ◆ Enter and retrieve information for multiple water systems
- ◆ Maintain employee and contractor information
- ◆ Track gauge calibration dates and assembly failures

### PLUS:

**UNLIMITED** number of customers!

**UNLIMITED** number of assemblies!

**UNLIMITED** free tech support!

**COMPLETE  
SOFTWARE PACKAGE  
ONLY \$490**

*Backflow Management Inc. started in 1991 with a mission: Helping communities achieve and maintain clean, safe drinking water through education. We recognize we are fortunate to be doing what we love for 23 years now. The last two decades have been spent laying a strong foundation and we continue to build on that as we move forward into an exciting future. BMI's team of dedicated professionals is here to stay and we remain committed to the company's original mission. Those who desire the highest levels of service, experience and integrity will be able to turn to BMI for many years to come.*

**BMI is dedicated to the pursuit of clean, safe drinking water through education**
