

## 2010 OREGON TRAINING SCHEDULE

BMI has expanded our training curriculum to include many Safe Drinking Water Act topics to assist with your educational training requirements for operator certifications and to provide you with meaningful and important topics to keep your water system in compliance.

<b>WATER DISTRIBUTION EXAM REVIEW \$120 (OESAC CEU: 1.2 DWP/0.5 DEQ)</b>			This 2-day exam review will prepare attendees to successfully take each level of water distribution certification exams. Instruction is tailored to fit your certification needs. BMI has been teaching this class for over 10 years with excellent results.
June 22 - 23, 2010	8 AM - 5 PM	BMI - Portland	
October 11 - 12, 2010	8 AM - 5 PM	BMI - Portland	
<b>BASIC TO ADVANCED MATH FOR WATER OPERATORS \$40 (OESAC CEU: 0.4 DWP/0.3 DEQ)</b>			Math class will begin with a basic math review and move into formulas commonly used in the industry. This class is designed to prepare attendees to successfully take certification exams.
June 4, 2010	9 AM - 1:30 PM	BMI - Portland	
October 15, 2010	9 AM - 1:30 PM	BMI - Portland	
<b>OREGON ADMINISTRATIVE RULES REVIEW \$40 (OESAC CEU: 0.4 DWP)</b>			Rules review class will present the current OAR and how they affect the day to day operations of a public water system.
October 14, 2010	9 AM - 1:30 PM	BMI - Portland	
<b>MANAGING AND OWNING A PUBLIC WATER SYSTEM \$70 (OESAC CEU: 0.7 DWP / 0.2 DEQ)</b>			Managing & owning a public water system class will look at regulations, liability and rate setting for a public water system with an emphasis on running a business.
September 14, 2010	8 AM - 4:30 PM	BMI - Portland	
December 15, 2010	8 AM - 4:30 PM	BMI - Portland	
<b>WHAT YOUR CHLORINE RESIDUAL IS TELLING YOU \$40 (OESAC CEU: 0.4 DWP &amp; DEQ)</b>			Chlorine residual class will assist operators in understanding the benefits and importance of chlorine as a disinfectant and why it is important to maintain a residual.
