BMI can also hold classes at your facility. Please call us for more information.

Please see our SDWA Schedule for our Water & Wastewater classes!

To register online, please visit our website at www.bmi-backflow.com or print & fill out a registration form and fax it to 503-255-1220

Practicing on assemblies prior to class is encouraged! Our water lab is generally open daily from 8 AM to 5 PM and is available to students.

CONTINUING EDUCATION: All training courses are approved for CEU (as shown above) by Oregon Environmental Services Advisory Council and fulfill State of Oregon DHS-required CEU for initial certifications and renewals. Some CEU can also be used for DWP and DEQ continuing education requirements (see OESAC Web site <http://www.oesac.com> and confirm acceptance with DWP or DEQ staff). Code Related Credits (CR) are approved by Building Codes Division for use in renewing an Oregon Plumbing license (see BCD Web site at <http://www.cbs.state.or.us/bcd/programs/plumbing.html>). Landscape Contractor's Board Continuing Education Hours (CEH) for license renewal requirements are approved for technical credits at our Tester, Repair & Confined Space classes (see LCB Web site at http://egov.oregon.gov/LCB/Continuing_education.shtml).

Times: All classes start at 8:00 AM unless otherwise noted.

Instructors: Mary L. Howell, Garrett Yates, Ray Johnson, and Derrick Yates
BMI's instructors bring on-going field experience to the classroom. Students have found the instructor's hands-on knowledge to be extremely valuable when they are faced with the day-to-day challenges of running a cross connection program, testing or repairing backflow prevention assemblies and entering a confined space.

For more information, please call BMI at 503-255-1619 or toll free outside the Portland area at 800-841-7689, or email us at bmi@bmibackflow.com.

****NOTES****

Class tuitions are transferable but not refundable IF you notify BMI within 3 bus. days before the start of your class. You must allow us time to fill a vacated seat or you will forfeit your tuition. BMI reserves the right to cancel any class due to lack of enrollment or weather-related emergencies. State of Oregon initial certifications require proof of high school graduation or equivalent – Oregon Cross Connection Specialist initial certification requires proof of 1-year water system or plumbing experience.

*WAIT LIST: Please register for the wait list online or call the office. We will schedule a class and contact you when at least 6 people are on the wait list.
